NEEDS ASSESSMENT: IDENTIFYING PRIORITIES

"In most schools, conducting a comprehensive needs assessment will result in the identification of a large number of issues that could be addressed to improve the achievement of students. However, no school should attempt to address every identified need in a single year. Most planning experts suggest that schools prioritize their major issues and address no more than three of the most important..."
(Designing Schoolwide Programs Non-Regulatory Guidance, March 2006)

List and number, in order of priority, the critical needs identified in the school profile.

Prioritized needs

- | | |
|---|--|
| 1 | Improving written expression. Without the title supports in place, we would not be able to provide targeted instruction in this area which is consistently a concern. |
| 2 | Improving mathematical computation skills, including mental math. Same as above. Our students consistently struggle with math at school, and at home. Title allows us to address this. |
